

## **BYOD – iPad Setup Guide for Parents of students in grade 3, 4 and 5 in 2024.**

Your child's iPad has not been configured for use at Montpellier Primary as part of the BYOD program. As a result of this your child's iPad is not able to connect to the schools managed wireless network.

For your child's iPad to be used as part of Montpellier Primary's BYOD program the iPad will need to be fully reset to be able to be enrolled in the schools chosen management platform Jamf School. The need to fully erase the device is not a school decision but a requirement by Apple.

Information below from Apple Support website

<https://support.apple.com/en-au/guide/apple-configurator-mac/apd9e4f64088/2.17/mac/14.0>

By default, iPhone, iPad, and Apple TV devices are not supervised. You can, however, set up devices as supervised prior to activation—that is, before the Setup Assistant first appears on a **new** or **fully erased** device

For information about the management platform and the BYOD program are available on the school website.

<https://www.montpellierps.vic.edu.au/>

We encourage you to help your child back up any important documents, photos, etc. to a cloud service like Apple iCloud or the schools managed Google drive.

Once the device has been setup you are able to sign your child into the iPad. This will allow them to access their stored important documents and previous purchased applications.

## How to fully erase an iPad.

Information below from Apple Support website

<https://support.apple.com/en-au/109511>

1. Go back to Settings and tap General > Transfer or Reset [device] > Erase All Content and Settings. If you turned on Find My [device], you may need to enter your Apple ID and password. If your device uses eSIM, choose the option to erase your device and the eSIM profile when asked.
2. If asked for your device passcode or Restrictions passcode, enter it. Then tap Erase [device].

**Once the device has been erased. It can be brought to the schools main office for setup.**

## Sign in a child in Settings.

Information below from Apple Support website

<https://support.apple.com/en-au/guide/ipad/ipad41f721c5/ipados#:~:text=If%20you%20already%20have%20a,a%20child%20in%20my%20Family.>

1. Go to Settings .
2. Tap Sign in to your iPad.
3. Do one of the following:
  - *Sign in with a nearby iPad or iPhone:* Tap Use Another Apple Device, then follow the onscreen instructions. If you already have a child in your family group, tap their name, then tap Get Started. If you need to create a new Apple ID for a child, tap Create New Child Account.
  - *Sign in with an email address or phone number and password:* Tap Sign in Manually, then tap Sign in a child in my Family.
4. Continue to follow the onscreen instructions to complete the setup.

The school recommends the use of a Childs Apple Account on these BYOD devices.

## Create an Apple ID for your child on an iPhone or iPad.

Information below from Apple Support website

<https://support.apple.com/en-au/102617>

1. In iOS 16 or iPadOS 16 or later
2. Go to Settings > Family.
3. Tap the Add Member button .
4. Tap Create Child Account, then tap Continue.
5. Enter the child's name and date of birth. Make sure you enter the correct date of birth — you can't change it later.
6. Follow the onscreen instructions to finish setting up the account. For your child's Apple ID, you can use their email address, the suggested @icloud.com address or their Game Centre nickname.
