

Online Services at Montpellier Primary School 24 October 2023

What type of online services are used at our school?

Our school uses a variety of online services and applications (**online services**) to support and enhance our students' educational experiences and to create a high quality and innovative learning environment. Our school uses online services for:

- teaching and learning
- communication and engagement with parents
- student administration
- school management
- complying with legal requirements
- supporting students' social and emotional wellbeing, and health
- supporting policy in relation to student education and wellbeing
- other purposes stated in the [Schools' Privacy Policy](#).

The online services used at our school are:

Online service	Whose and what information	Why this information is collected	Data storage location & service provider privacy policy
Jamf School	<ul style="list-style-type: none"> ● Student details: first name, surname, age, gender, class, school name and address ● Student IP address ● Geolocation ● Student Mobile Device: ID, Serial Number, Mac Address, Storage, Applications installed, OS version and Profiles 	School Mobile Device Management platform. Enables the school to install and update school required software and settings. Enables the school to temporary lock down features of the Mobile Device as needed.	Germany, Japan, Netherlands, USA, Australia Privacy Policy – JAMF School
Class Dojo	<ul style="list-style-type: none"> ● Student details: first name, surname, age, class, school name and address ● Student language preference. ● Student IP address. ● Student feedback points 	Enables teachers to encourage students in class with the awarding of points	USA Privacy Policy - ClassDojo

The following services are also being used in our school. **These services require opt in consent.** We will provide parents/carers with a consent form should your child need access to one of these services.

Online service	Whose and what information	Why this information is collected	Data storage location & service provider privacy policy

In addition to the above, and where appropriate or permitted by law, school staff or software providers may access information in online services for other purposes, for example, where the software provider needs access to provide technical support.

Please click this link to read important [privacy information for students, parents, and carers.](#)

What content and materials will be shared through the software?

Students may have the ability to create, store and share schoolwork related content, such as photographs, audio and video recordings, and non-classroom related information. Where this work contains personally identifiable information of students or others, we will guide students on how to handle it safely and respectfully, and to seek appropriate permissions.

How do we protect personal and other information?

Personal information will be handled in line with the school's and DET's policies. These include: [Schools' Privacy Policy](#), [Cybersafety and Responsible Use of Digital Technologies](#), [Acceptable Use Agreement](#), [Digital Learning in Schools](#) and [Records Management Policy](#).

We will help your child to use online learning systems safely by providing them with technical or any other help they need.

You can also assist by:

- having conversations with your child about eSafety
- checking that your child is comfortable raising any issues with you or their teacher
- watching your child when they use the software from home to check if they have any concerns.

Who can I contact if I have questions?

If you wish to request access to your/your child's information, have any questions or concerns regarding your child using any of the online services, or you do *not* want your child to participate, please contact the school to discuss your options:
